

Day 3:

Question 3:

Tasks:

Task 1: Prompt Design

1. Create a well-structured prompt to generate:

- A professional email to stakeholders
- A short report

2. Ensure the prompt includes the following constraints:

- Email must be a maximum of 150 words
- Report must include:
 - Summary
 - Key issues
- Recommendations
- Report should use clear headings and bullet points

prompt:

<system instruction>

You are a professional business writing assistant. Write clearly, formally, and concisely.

</system instruction>

<context>

Provide the project details, updates, key issues, and recommendations.

</context>

<query>

Using the context, generate:

1. A professional email to stakeholders (maximum 150 words).
2. A short report with:
 - Summary
 - Key Issues
 - Recommendations

Use clear headings and bullet points in the report.

</query>

<output>

Email:

- Subject
- Greeting
- Body (max 150 words)
- Closing

Report:

- Summary
- Key Issues
- Recommendations

Task 2: Model Execution

1. Use the same prompt on the following AI models:

- ChatGPT
- Claude

2. Generate outputs from both models.

Chatgpt :

Dear Stakeholders,

I hope you are doing well.

I am writing to provide a brief update on the project. Overall, the project is progressing as planned, with key milestones completed according to schedule. The team continues to make steady progress while monitoring project performance and quality.

However, a few challenges require attention, including minor schedule delays, resource constraints, and pending decisions on key deliverables. Addressing these issues promptly will help maintain the project timeline and reduce potential risks.

To support continued progress, we recommend prioritizing critical tasks, improving coordination across teams, and ensuring timely stakeholder feedback and resource allocation.

Thank you for your continued support. We will provide further updates as the project progresses.

Kind regards,

[Your Name]

Claude:

Subject: Project Update – [Project Name]

Dear [Stakeholder Name / Team],

I hope this email finds you well. I am writing to provide an update on the current status of [Project Name].

Progress: [Brief summary of completed work/milestones].

Key Issues: We have identified [1–2 key issues, e.g., delays, resource constraints, technical challenges] that may impact the project timeline/budget.

Recommendations: To address these challenges, we recommend [key recommendation, e.g., reallocating resources, adjusting the timeline, escalating a decision].

We would appreciate your feedback and support in moving this forward. A detailed report is attached for your reference. Please let us know if you have any questions or would like to discuss further.

Thank you for your continued support.

Best regards,

[Your Name]

3. Paste both the email and report outputs for comparison.

Task 3: Comparison & Analysis

1. Compare the outputs from both models based on:

- Professionalism
- Structure
- Clarity

2. Provide at least 4–5 comparison points highlighting differences and observations.

Criteria	ChatGPT	Claude
Professionalism	Polite and professional.	Professional and formal.
Structure	Written in clear paragraphs.	Uses headings and bullet-style sections.
Clarity	Easy to read with more details.	Clear and short, but needs more information.
